Federal Way Link Extension

Opening 2024

Construction alert

December 2020

Temporary bypass coming on SR 99 in SeaTac

Sound Transit is building a temporary bypass around a short stretch of State Route 99 in SeaTac between South 204th and South 208th Streets. (See reverse for map.) Our crews will shift lanes eastward from the current roadway to make way for construction of our elevated light rail track.

We'll begin diverting drivers through the bypass starting this January, and the new traffic pattern will remain in place until we complete this portion of Link light rail construction. We expect to remove the bypass and return SR 99 to its normal configuration in October 2022.

What

Temporary bypass coming on SR 99 in SeaTac.

When

January 2021 through approximately October 2022.

Where

SR 99 in SeaTac between South 204th and South 208th Streets.

More

Sound Transit is also building a bridge over SR 99 in this area for the Washington Department of Transportation's future SR 509 Project, which begins construction in 2021. For more information on the SR 509 project, visit wsdot.wa.gov/Projects/SR509/completion or contact Chris Hoffman: hoffmac@consultant.wsdot.wa.gov, 206-387-2050.

About the project

Sound Transit's 7.8-mile Federal Way Link Extension connects Kent/Des Moines, South 272nd Street, the Federal Way Transit Center and surrounding communities to a regional transit system that is expanding to 116 miles. Construction began in 2020. Service begins in 2024.
